5.2.3 While roaming, the service is only available in areas that are covered by Ooredoo roaming partners. Ooredoo is not responsible for those networks and some services may not be available while roaming. Ooredoo does not make any representations regarding the quality of service or reliability experienced by Users while Roaming.

6. Customer obligations

- 6.1 Equipment:** With the exception of the SIM Card, the subscriber may acquire the equipment that they intend to use to receive the service from Ooredoo from a third-party, provided that all equipment used to connect to Ooredoo's networks and facilities is in compliance with the technical standards and specifications described in the Ooredoo General Terms and Conditions.
- 6.2** The customer shall comply with any reasonable request by Ooredoo concerning the configuration of handsets, SIM cards and/or the use of the service. Ooredoo may require the subscriber to submit information reasonably related to the service, devices or SIM cards.
- 6.3 SIM Card:** It is the subscriber's responsibility to keep safe SIM cards that are provided to the subscriber. SIM Cards are easily damaged and should be handled with care. The subscriber must promptly notify Ooredoo if SIM cards are damaged. In the event of loss or theft of a customer SIM card, the subscriber must notify Ooredoo within forty-eight (48) hours of becoming aware of such loss or theft. The subscriber may be charged in the event of loss or theft for replacement of the SIM card.
- 6.4 Assignment of service:** The subscriber undertakes to use the service personally and for their private interest, and shall not transfer the service or assign it to a third party without obtaining Ooredoo's prior written consent.
- 6.5 Billing:** The customer must notify Ooredoo of a change of customer billing address within 14 days.

7. Mobile Number Portability

7.1 Porting of mobile number away from Ooredoo:

7.1.1 Subscriber may port mobile number: The Subscriber may port a mobile number allocated to the Subscriber by Ooredoo to the OLO by requesting the port of that mobile number from the OLO. Not all mobile numbers will be technically capable of being ported.

7.1.2 Charges payable as at date of port: The Subscriber cannot port a mobile number to the OLO until all invoiced charges that are outstanding at the time the Subscriber requests the port are fully paid. If charges are outstanding at the time the Subscriber requests a port, Ooredoo will inform the Subscriber of the amount payable and the timeframe in which that payment must be made to avoid the cancellation of the Subscriber's port request.

7.1.3 Charges that are owed but which have not been invoiced also payable: The Subscriber must pay all charges that have been incurred by the Subscriber but which have not been invoiced by Ooredoo as at the date of the port, including any early contract termination fees. Ooredoo will issue the Subscriber with a final invoice in respect of those charges. If the final invoice is not paid:

7.1.3.1 within 30 days of the invoice date, Ooredoo may direct the OLO to bar the ability of Users to make outgoing calls (except for calls to emergency service organisation numbers and operator service numbers), send SMS/MMS, access data services and any other outgoing services using the ported mobile number;

7.1.3.2 within 45 days of the invoice date, Ooredoo may direct the OLO to suspend the ability of Users to receive public telecommunications services using the ported mobile number; and

7.1.3.3 within 60 days of the invoice date, Ooredoo may direct the OLO to terminate the supply of the public telecommunications services in respect of the ported mobile number. The Subscriber may lose the right to use the ported mobile number if the invoiced charges are not paid within a certain period after the date of termination.

7.1.4 Termination: This agreement will automatically terminate on the earlier of:

7.1.4.1 the date on which all invoiced charges under this agreement (including charges invoiced after the date of porting) are received by Ooredoo; and

7.1.4.2 the date that the supply of public mobile telecommunications services to the Subscriber is terminated by the OLO due to non-payment of Ooredoo's outstanding invoices, if applicable.

7.2 Porting of mobile numbers to Ooredoo:

7.2.1 A Subscriber that ports a mobile number from the OLO to Ooredoo must pay all charges that are owed to the OLO in respect of that ported mobile number, notwithstanding the fact that the Subscriber has ceased to acquire public mobile telecommunications services from the OLO.

7.2.2 If the Subscriber does not pay all outstanding charges to the OLO in respect of that ported mobile number:

7.2.2.1 within 30 days of the invoice date, Ooredoo will, upon request of the OLO, bar the ability of Users to make outgoing calls (except for calls to emergency service organisation numbers and operator service numbers), send SMS/MMS, access data services and any other outgoing services using the ported mobile number;

7.2.2.2 within 45 days of the invoice date, Ooredoo will, upon request of the OLO, suspend the ability of Users to receive public telecommunications services using the ported mobile number; and

7.2.2.3 within 60 days of the invoice date, Ooredoo will, upon request of the OLO, terminate the supply of the public telecommunications services in respect of the ported mobile number. The Subscriber may lose the right to use the ported mobile number if the invoiced charges are not paid within a certain period after the date of termination.

7.2.3 If the Subscriber requests the porting of a mobile number to Ooredoo and it is subsequently discovered that the port has been made in error, is fraudulent or the Subscriber does not otherwise have the right to port that mobile number to Ooredoo, Ooredoo may take such measures as are necessary to address this issue, including returning the ported number to the original range holder.
