1. Definitions

- 1.1 Broadband means High-speed Internet access through fixed and wireless networks.
- 1.2 Ooredoo means Ooredoo Qatar Q.S.C. (formerly (Qtel) Q.S.C)
- 1.3 Service means Public Mobile Telecommunications Services, including voice calls, messaging and other services identified herein.
- 1.4 Subscriber means the person or entity that enters into an agreement with Ooredoo to receive and pay for service.
- 1.5 User means the natural person who actually uses the service.
- 1.6 Web Hosting means a website that is hosted and operated on Ooredoo computer servers which are connected to the Internet.

2. Tariff Terms and Conditions

- 2.1.1.** This tariff is neither a special promotion nor a readjustment.
- 2.1.2.** This tariff will be effective as of the date established in this tariff and will automatically cease being effective if, subject to CRA approval, Ooredoo publishes a new tariff for this service or publishes notification on its webpage that this tariff is no longer effective.
- 2.1.3.** From time to time, and subject to CRA approval, Ooredoo may publish promotions and readjustments on its webpage or by other means. Such promotions and readjustments will automatically modify this tariff as specified by Ooredoo as of the date Ooredoo publishes such promotions or readjustments.
- 2.1.4.** This tariff contains charges and conditions applicable to the provision of Business Unified Communication Services (branded as 'Office in a Box').
- 2.1.5.** These terms and conditions are in addition to the terms and conditions specified in other tariffs and [Master Services Agreement].

3. Service Description

- 3.1.1.** Office in a Box is a combined service that replaces a traditional PBX and allows the subscriber to combine traditional telephony features with enhanced services with broadband data services, rental of necessary network equipment and telephone handsets as well as hosted business applications. The service allows subscribers to combine IP solutions with IT infrastructure and applications, offering traditional telephony and value added services.
- 3.1.2. Commencement of Service:** The service shall commence from the date of activation of service.
- 3.2. Minimum Service Period:** The minimum service period is one (1) year commencing from the date of activation of service.

4. Service Features and Charge Rates

4.1. The product consists of 7 distinct product elements (subject to the service variant selected by the subscriber in paragraph 4.2):

4.1.1. Broadband Internet Access: A maximum of 4 Mbps Broadband access is provided.

4.1.2. Secondary back-up mobile broadband service: Integrated service routers, located at the customers’ premises, will be fitted with data-only SIM cards. In the event of failure of the primary link, a connection will be established to the Ooredoo mobile network to provide a secondary back-up service via mobile broadband for continuity of voice and data communications. No additional charge is incurred for this service.

4.1.3. Integrated Service router with Secure Firewall: An integrated service router with a configurable firewall is provided. A Wi-Fi enabled router is provided if specified in the service variant in paragraph 4.2.

4.1.4. Hosted IP telephony (IPT) with minimum of 2 and a maximum of 30 IPT: A minimum of two (2) and a maximum of Thirty (30) IPT extensions are provided, depending on the service variant chosen in paragraph 4.2. One (1) fax-enabled extension is provided.

4.1.5. E-mail accounts: Email accounts will be provided.

4.1.6. Business Class Web Hosting with Domain name: Web hosting capability is offered to subscribers.

4.1.7. Business Group mobile services: Where specified in the service variant in paragraph 4.2, the subscriber will receive two (2) basic Business Group Service member lines (as described in Ooredoo Service Tariff B03-01- Business Mobile Services). The Business Group Service subscription charge is included in the Office in a Box charge. All other Business Group Service terms and conditions in Ooredoo Service Tariff B03-01, Business Mobile Services apply.

4.1.8. A subscriber may subscribe to one of the Office in a Box service variants below:

- 4.1.12. Usage charges:** All voice calls and messages generated directly from the Office in a Box platform using the fixed handset will be charged at the corresponding Business Landline Services tariff charge rates (as documented in Ooredoo Service Tariff B01-01). All voices calls generated via a mobile handset, from a Business Group Mobile subscription (provided in some variants) will be charged at the corresponding Business Mobile Services tariff charge rates (as documented in Ooredoo Service Tariff B03-01)
- 4.1.13. Other charges:** Ooredoo may charge a flat fee of QAR180 for call-out visits by Ooredoo technicians which transpire to relate to faults or other configuration irregularities occurring beyond the modem or router.

5. Service Provider obligations

- 5.1.1.** Commencement of Service: Ooredoo shall provide the services to the customer as soon as reasonably possible, upon completion of site survey and confirmation of feasibility from Ooredoo engineering staff. Ooredoo will provide the customer with the estimated timeframe for service delivery, upon completion of the site survey.
- 5.1.2.** Responsibility for service: Ooredoo is responsible for service only up to the router or modem and shall not be responsible for any quality of service, continuity of service or other matters impacted by subscriber cabling, equipment or other facilities beyond this point.
- 5.1.3.** Service availability and limits:
 - 5.1.4.** Certain factors, such as network changes, traffic volume, transmission limits, service outages, technical limitations, signal strength, customer device, terrain, structures, weather, or other conditions that may arise from time to time, may interfere with actual service quality and availability.
- 5.1.5.** Broadband may not be available in the subscriber's area, their specific location or may not be compatible with their specific landline connection. In order to verify that Ooredoo can provide this service, Ooredoo will need to verify the following:
- 5.1.6.** That the subscriber's landline is in an area where they can receive broadband services; and
- 5.1.7.** That the technical characteristics of the subscriber's landline can support broadband services, which may require the performance of a landline test.
- 5.1.8.** Ooredoo is responsible for servicing and providing technical maintenance of the service. Ooredoo will not provide any maintenance of additional subscriber equipment, apart from CPE provided by Ooredoo at service installation or connection.
- 5.1.9.** Ooredoo may, if necessary to protect the network system, suspend, terminate or downgrade a particular broadband service.

6. Subscriber obligations

- 6.1.1.** Installation Requirements: In order for the 'Office in a Box' service to be delivered, customers are required to provide Ooredoo with a suitable secure and air-conditioned space within their premises, with a power source within 2 meters of the equipment to be installed by Ooredoo. The customers should ensure that Category 5 Cable (Cat5) or higher is installed at the customer's premises and that a suitable air-conditioned location is provided for the 'Office in a Box' service.
- 6.1.2.** Minimum service period: The service will be provided for a minimum service period of 12 months. Customers may terminate the service by giving one (1) month notice at any time. If a customer terminates the service within the minimum service period, they will be liable to pay for any remaining period. If a customer terminates the service after the minimum service period, they will be liable to pay for the remaining actual months of use and any discounts received pursuant to paragraph 4.3.2.
- 6.1.3.** Customers must ensure that a customer representative is present during installation, setup and testing of the provided equipment and services. The representative must have power of attorney to sign the delivery form after overlooking and agreeing to full final successful testing of the delivered equipment and access to services.
- 6.1.4.** The subscriber shall comply with any reasonable request by Ooredoo concerning the configuration of the subscriber's data devices and/or the use of the service.
