6. Service Provider obligations

- 6.1.** Broadband may not be available in the subscriber's area, their specific location or may not be compatible with their specific landline connection. In order to verify that Ooredoo can provide this service, Ooredoo will need to do the following:
 - 6.1.1.** Verify that the subscriber's landline is in an area where they can receive broadband services;
 - 6.1.2.** Verify that the technical characteristics of the subscriber's landline can support broadband services which may require performing a landline test.
- 6.2.** Ooredoo is responsible for servicing and providing technical maintenance of the service. Ooredoo will not provide any maintenance of the subscriber's equipment, including the modem or any additional equipment necessary to connect the service. Ooredoo is not responsible for any delays caused in installation due to the subscriber's absence at the agreed installation date or time.
- 6.3.** Ooredoo may, if necessary to protect the network system, suspend, terminate or downgrade a particular broadband service.

7. Customer obligations

- 7.1.** Minimum service period: The minimum service period for the broadband service is three (3) months commencing from the date of activation of service.
- 7.2.** The subscriber must subscribe to the Ooredoo consumer landline service in order to be able to subscribe for the fixed broadband service.
- 7.3.** Customers may terminate the service before the end of the relevant minimum service period but the customer will be liable for any charges waived at inception of the service if cancelling within the 3 month minimum service period. In this case the customer will be charged QAR for a wifi router and QAR 300 for a Set-Top Box for IP Television.
- 7.4.** Customers are responsible for backing-up their entire systems before broadband installation takes place and ensuring that the software installed in their computer equipment (and other devices) is compatible with the service and related software.
- 7.5.** Equipment: In addition to the CPE equipment provided by Ooredoo, the customer may also acquire the equipment that they intend to use to receive the service from a third-party, provided that all equipment used to connect to Ooredoo's networks and facilities is approved by CRA and is compliant with current requirements for technical standards and specifications. Ooredoo's General Terms and Conditions for Consumer Services, Article 11 (Connecting Subscriber Equipment) refers.
- 7.6.** The customer shall comply with any reasonable request by Ooredoo concerning the configuration of their devices and/or the use of the service.
- 7.7.** Ooredoo may require the customer to submit information reasonably related to the service or their connected data devices.
- 7.8.** The subscriber undertakes to use the service personally and for their private interest, and shall not transfer the service or assign it to a third party without obtaining Ooredoo's prior written consent.
- 7.9.** Personal Identification Number (PIN): Ooredoo will also provide with two personal identification numbers (PINs) related to the subscriber's account: a system PIN and a Purchase PIN. The subscriber will need these PINs in order to access the subscriber's account and make any changes. The subscriber should keep both PINs in a secure place order to protect the subscriber's account and privacy.
- 7.10.** PIN Confidentiality: The Subscriber shall be fully responsible for the PINs (both settings and purchase) and shall keep them confidential. The Subscriber alone shall bear the costs arising from the use or misuse of such PINS or the losses arising from such misuse, whether resulting from negligence or intentional disclosure. In order to maintain PIN confidentiality, the Subscriber should change his PIN from time to time.
