4.9 Ooredoo Passport

51. **Description:** This optional subscription will allow the Users to have 1GB of data and 100 minutes (Inbound and outbound) while roaming. A weekly and monthly Ooredoo Passport are available for the subscribers.
52. **Conditions:**
- 52.1 Business customers will need to contact their account manager to have this feature enabled.
- 52.2 Subscriber will have the allowance for 7 days for the weekly Ooredoo Passport (OP) or 30 days for monthly Ooredoo (OPM) Passport from the date of subscription.
- 52.3 Subscribers to the weekly Ooredoo Passport will have 1GB data and 100 voice call minutes while roaming. Subscribers to the monthly Ooredoo Passport will have 4GB data and voice call 300 minutes.
- 52.4 Subscribers can re-subscribe to this optional service after the weekly (7 days) is completed. The monthly Ooredoo Passport is an auto-renewal subscription.
- 52.5 Roaming Business Customers will receive detailed SMS in the specific country with the preferred roaming network partners. (Please check 4.10.4 list of the passport countries and operators).
- 52.6 Customers may pre-activate Passport for the next week 48 hours prior to the current passport expiring by sending a text 'OPE' to 114. Once the customer sends the text 'OPE' to the relevant code (114), they will receive a confirmation SMS that they have successfully pre-ordered Ooredoo Passport and they have been charged QAR 100. Immediately upon their current validity expiry a new Passport will be activated and the allowances will be reset to 1GB and 100mins for the next week (the unused allowances will not be transferred into the next week). This feature can be

used once every week, (customers can pre-order Ooredoo Passport only 1 week upfront and then repeat it a week later).

- 52.7 Subscribers will get additional 1GB of data allowance if they are roaming in GCC countries. These additional data can only be consumed in GCC countries. Subscribers on the monthly Ooredoo Passport will get additional 4GB of data allowance if they are roaming in GCC countries. These additional data can only be consumed in GCC countries.
- 52.8 Business Aamali Customers will have a choice to activate the OPM for a number of months (up to 3) of their choice; OPM is not auto-renew and it will expire at the end of the last selected month automatically. They can activate OPM only by sending an email to 8008000 or login to Ooredoo APP and select number of months (which need to be approved by their company admin).
- 52.9 Business Shahry/Qatarna Customers will have a choice to activate the OPM for a number of months (up to 3) of their choice; OPM is not auto-renew and it will expire at the end of the last selected month automatically, they can activate OPM only by sending an email to 8008000 or login to Ooredoo APP and select number of months or by sending an SMS to 114 with keyword "OPMX (X = 1 to 3)

53. **Charging:**

- 53.1 Business Customers have to pay QAR 100 for the weekly Ooredoo Passport to subscribe to the feature and QAR 350 for the monthly Ooredoo Passport.
 - 53.2 Business Customer will pay the following after the allowance has been used within the weekly and monthly period on the selected network (s): QAR 1 per MB and QAR 1 per roaming minute.
 - 53.3 When business customers who will be charged for standard out of bundle roaming rates or OP out of bundle roaming rates, applicable when OP is not activated, expired or OP allowances are consumed, Ooredoo will automatically activate OP, at no additional charge, when the customer spends QAR 100 on OP partner networks only. The customer will get full OP benefits. No action is required from the customer in order to get this feature.
54. List of the passport countries and operators can be found at www.ooredoo.qa

4.10 International Roaming:

- 55. **Description:** Ooredoo offers Roaming to its Subscribers, which includes the ability to make and receive voice calls and SMS messages and use data services in certain countries outside Qatar.
- 56. **Conditions:**
- 56.1 Roaming is offered by Ooredoo's international roaming partners. Ooredoo is not responsible for quality of service or coverage made available to Users while Roaming.
- 56.2 Charges apply for all incoming and outgoing calls and messages at the roaming rate applicable for the country in which Roaming is provided.

- 56.3 Roaming service is only available in areas that are covered by Ooredoo roaming partners. Ooredoo is not responsible for those networks and some services may not be available while roaming. Ooredoo does not make any representations regarding the quality of service or reliability experienced by Users while Roaming.
- 56.4 'Special case' charge rates are applied to calls made while roaming on services supported by satellite. This includes the Ooredoo In-Flight Service.
- 56.5 Calls made to destinations which are other than 'local' or 'Qatar' will be charged at QAR 17 per minute unless specifically noted. Ooredoo may implement surcharges to specific international calling routes while roaming on specific operators or within specific countries.
- 56.6 Roaming Wireless Data usage will not be deducted from any allowance or bundle that a User may have active on their service. All Roaming data usage is charged at the applicable Roaming rate.

Table 19 Roaming countries and network partners for international roaming packs

60.3 Roaming is offered by Ooredoo's international roaming partners. Ooredoo is not responsible for quality of service or coverage made available to Users while Roaming.

60.4 While roaming, service is only available in areas that are covered by Ooredoo roaming partners. Ooredoo is not responsible for those networks and some services may not be available while roaming. Therefore, Ooredoo does not make any representations regarding the quality of service or reliability experienced by Users while Roaming.

60.5 The subscriber will continue to be charged the applicable monthly fee for the relevant international roaming pack until their selection is revoked, upgraded or downgraded.

- 60.6 The monthly billing cycle for the international roaming packs is independent of any other monthly billing cycle which may apply in respect of a subscriber.
- 60.7 The Subscriber may subscribe or cancel their subscription to international roaming packs at any time via the usual Ooredoo subscription channels including SMS short code service, Ooredoo shops or by calling the Ooredoo call center.
- 60.8 In the event a Subscriber cancels the subscription within 24 hours, without using the service, the Subscriber will be refunded the full amount of the subscription.
- 60.9 In the event a Subscriber cancels the Subscription after 24 hours or after the Subscriber has commenced using the International Roaming pack, the subscriber will be charged the full amount of the subscription.
- 61. **Charging:** International Roaming Packs are charged at the rates set out below:

Pack Type	Monthly fee (QR)	Allowance	Excess rate
Calling Package Region 1	200	100 minutes (cumulative of local calls, calls to Qatar & received call minutes.)	Standard roaming rate per call type

4.11 Data Services

4.11.1 Mobile Internet

- 62. **Description:** This service feature allows Users to browse the Internet and WAP sites using their Mobile Device.
- 63. **Conditions:**
- 63.1 The service feature is available only when a data-enabled Mobile Device is within the covered service area.
- 63.2 Certain factors may interfere with actual service quality and availability and connection may be interrupted, dropped, refused or limited.
- 63.3 Ooredoo will not be liable for any service limits due to these conditions that may arise from time to time, subject to its statutory and license obligations and requirements.
- 63.4 The Unlimited Service plan is offered for “reasonable” use only. Excessive use of the service beyond that which in Ooredoo’s reasonable discretion, is used for normal consumer service and which, as a result has the potential to negatively impact the quality of service available to other Ooredoo subscribers, may result in the suspension, speed throttling, traffic shaping or termination of the service.
- 64. **Charging:**
- 64.1 Subscribers to these packs will not have any more out of bundle charges when they consumed the data allowance within these packs.

- 64.2 Once reaching the data allowance, subscribers can still use internet data. However, the data speed will be reduced to the level of up to 64 Kbps.
- 64.3 Subscribers can restore the speed by purchasing the speed boosters, top up with Data Scratch Card or wait until the next bill cycle.

4.11.2 International Data Roaming

- 65. **Description:** International mobile internet allows Users to enjoy access to mobile internet services while roaming.
- 66. **Conditions:**
 - 66.1 Roaming is offered by Ooredoo’s international roaming partners. Ooredoo is not responsible for quality of service or coverage made available to Users while Roaming.
 - 66.2 Roaming coverage may change without notice. Ooredoo is not responsible for those networks and services that are not available while roaming and does not make any representations regarding the quality of service while roaming.
- 67. **Charging:**
 - 67.1 Roaming data usage will not be deducted from any allowance or bundle that a Subscriber may have active on their service. All Roaming data usage charges are set out below:

Zone	Zone Charge per MB (QAR)
GCC	15
M.E.N.A.	55

300 – 599	36%

Qualifying criteria – number of lines	Discount Percentage on total bill (%)
600 +	48.8%

Table 27 Discount framework for Aamali Mobile

- 82. The discount applies to all revenues generated from Aamali packs 2.0 and Aamali packs 1.0 (section 4.3). The minimum subscribed plan counted for the discount eligibility is Aamali 65 and above. Discount applies to all revenues charged for Aamali 65 and higher packs as well as all applicable add on packs included in the section 4.3.
- 83. For the avoidance of doubt, the threshold of the Total Number of Qualifying Aamali Mobile Lines must be met within the specified month in order to obtain the applicable discount for that month.
- 84. Minimum commitment period of 12-months applies to the above offer.
- 85. In case of early termination, the customer will be liable to pay the total value of the discounts availed during the service period.
- 86. This offer is opt-in.

4.17 Mobile services for temporary kiosks

- 87. During special events (e.g. FIFA), Ooredoo will offer to temporary kiosks (including booths, stalls, cubicles, etc.) which may not have fiber connectivity a dual play mobile service (calls + internet) through the mobile network.
- 88. Prices are included in the table below:

	One-time charge (QAR)	Monthly recurring charge (QAR)
Dual play mobile service	450	350

Table 28 Dual play mobile service - prices

- 89. The service will have a duration of three months and include:
 - 89.1 Unlimited local calls to landlines (with a FUP of 20,000 minutes);
 - 89.2 Endless local data (with a FUP of 400 GB, afterwards the customer can navigate at 128 Kbps);
 - 89.3 A Wireless Wi-Fi router that can be connected to a telephone handset. The router must be returned to Ooredoo at the end of the service.
- 90. Local calls to mobile and international calls will be charged at the standard rates (ref. section 4.6 and 4.8).

5 Aamali Push-to-Talk over cellular

- 91. Push-to-talk over cellular (PoC) is a service option for a cellular phone network that enables subscribers to use devices as walkie-talkies with unlimited range. Aamali Push-to-Talk offers customers one-to-many communication over Ooredoo's mobile network (3G, LTE, and Wi-fi).

Customers can subscribe to Aamali PTT solution that uses Ooredoo's PTT application installed on Ooredoo PTT devices or can opt for installing the PTT app on their own devices. Customers can make multiple groups as needed and can manage their base through Despatcher web-based application which allows real-time location, geo-fencing, group management, and much more.

- 92. Terms and conditions:
 - 92.1 Access to Calls (national fixed/mobile): Enables PTT users to initiate calls to a local network.
 - 92.2 Access to national fixed/mobile network: Enables PTT users to initiate calls to a local network.
 - 92.3 Customize Allowances: Calling allowances can be customized to include additional calling allowances.
 - 92.4 CUG-Calling: Additional allowance can be added to make free CUG calls to numbers outside of PTT-Groups.
 - 92.5 Groups: PTT users can be organized into groups and a user can be in multiple groups. Each customer can organize their groups and a user of a group can only P2P and Group Call other members of that group.
 - 92.6 Group Call: This is the basic voice service in PTT using a simple "Push To Talk" operation to provide group communications with a fast call set-up.
 - 92.7 High Priority: If the network is busy, this feature allows access to network resources in the order of the call priority status of each user terminal.
 - 92.8 Emergency Call: A caller has the ability to interrupt all calls and pre-empt calls in an emergency situation. The emergency call drops all active calls and activates the emergency call automatically alerting the affiliated control room dispatcher and other terminal users in that users talk group.
 - 92.9 Peer to Peer (P2P): A one-to-one call which is a 'telephone' call between two PTT terminals.
 - 92.10 PTT Calls: basic voice service in PTT using a simple "Push To Talk" operation
 - 92.11 PTT Text: Simple and Multimedia text service in PTT using a simple "Push To Talk" operation
 - 92.12 PTT Video: Video broadcast service using a simple "Push to Talk" operation
 - 92.13 PTT Solution: includes Postpaid Sim Card; PTT Application; Supported Terminal and Web based portal.
- 93. 3 Month minimum liability applies unless shorter duration related to an event.

95. 50 QAR per device as one time charge also applies.
96. Standard 20% discount as per RTI may apply to this service.

6 Service Provider obligations

97. **Commencement of Service:** The relevant Business Mobile Service shall commence from the service connection date.
98. **Service Availability and Limits:**
 - 98.1 Certain factors, such as network changes, traffic volume, transmission limits, service outages, technical limitations, signal strength, customer device, terrain, structures, weather, or other conditions that may arise from time to time, may interfere with actual service quality and availability. Calls may be interrupted, dropped, refused or limited. Ooredoo will not be liable for any service limits due to these conditions that may arise from time to time, subject to Ooredoo's statutory and licence obligations and requirements.
 - 98.2 The service is only available when the User's Mobile Device is within a mobile coverage area.
 - 98.3 While roaming, the service is only available in areas that are covered by Ooredoo roaming partners. Ooredoo is not responsible for those networks and some services may not be available while roaming. Ooredoo does not make any representations regarding the quality of service or reliability experienced by Users while Roaming.
 - 98.4 Ooredoo May offer up to 20% discount on the products or services from time to time on the permanent or promotional basis as per the Article 3.9 of the Retail Tariff Instructions (RTI).

7 Customer Obligations

99. **Equipment:** With the exception of the SIM Card, the subscriber may acquire the equipment that they intend to use to receive the service from Ooredoo from a third-party, provided that all equipment used to connect to Ooredoo's networks and facilities is in compliance with the technical standards and specifications described in the Ooredoo General Terms and Conditions.
100. The customer shall comply with any reasonable request by Ooredoo concerning the configuration of handsets, SIM cards and/or the use of the service. Ooredoo may require the subscriber to submit information reasonably related to the service, devices or SIM cards.

101. **SIM Card:** It is the subscriber's responsibility to keep safe SIM cards that are provided to the subscriber. SIM Cards are easily damaged and should be handled with care. The subscriber must promptly notify Ooredoo if SIM cards are damaged. In the event of loss or theft of a customer SIM card, the subscriber must notify Ooredoo within forty-eight (48) hours of becoming aware of such loss or theft. The subscriber may be charged in the event of loss or theft for replacement of the SIM card.
102. **Resale:** The Subscriber cannot resell the service if (s)he does not qualify as an Eligible Person, within the framework set by the Class License for the Resale of Retail Telecommunications Services issued by the Communication Regulatory Authority (CRA) (<https://www.cra.gov.qa/en/document/class-license-for-the-resale-of-retail/telecommunications-services>) and without a prior written approval by Ooredoo. Failure to comply with the above provision will result in the Services being immediately terminated and in the Subscriber being held responsible for the legal, regulatory and financial consequences of his/her behavior.
103. **Billing:** The customer must notify Ooredoo of a change of customer billing address within 14 days.

8 Mobile number portability

8.1 Porting of mobile number away from Ooredoo

104. **Subscriber may port mobile number:** The Subscriber may port a mobile number allocated to the Subscriber by Ooredoo to the OLO by requesting the port of that mobile number from the OLO. Not all mobile numbers will be technically capable of being ported.
105. **Charges payable as at date of port:** The Subscriber cannot port a mobile number to the OLO until all invoiced charges that are outstanding at the time the Subscriber requests the port are fully paid. If charges are outstanding at the time the Subscriber requests a port, Ooredoo will inform the Subscriber of the amount payable and the timeframe in which that payment must be made to avoid the cancellation of the Subscriber's port request.
106. **Charges that are owed but which have not been invoiced also payable:** The Subscriber must pay all charges that have been incurred by the Subscriber but which have not been invoiced by Ooredoo as at the date of the port, including any early contract termination fees. Ooredoo will issue the Subscriber with a final invoice in respect of those charges. If the final invoice is not paid:
- 106.1 within 30 days of the invoice date, Ooredoo may direct the OLO to bar the ability of Users to make outgoing calls (except for calls to emergency service organization numbers and operator service

- numbers), send SMS/MMS, access data services and any other outgoing services using the ported mobile number;
- 106.2 within 45 days of the invoice date, Ooredoo may direct the OLO to suspend the ability of Users to receive public telecommunications services using the ported mobile number; and
- 106.3 within 60 days of the invoice date, Ooredoo may direct the OLO to terminate the supply of the public telecommunications services in respect of the ported mobile number. The Subscriber may lose the right to use the ported mobile number if the invoiced charges are not paid within a certain period after the date of termination.
107. **Termination:** This agreement will automatically terminate on the earlier of:
- 107.1 the date on which all invoiced charges under this agreement (including charges invoiced after the date of porting) are received by Ooredoo; and
- 107.2 the date that the supply of public mobile telecommunications services to the Subscriber is terminated by the OLO due to non-payment of Ooredoo's outstanding invoices, if applicable.

8.2 Porting of mobile numbers to Ooredoo

108. A Subscriber that ports a mobile number from the OLO to Ooredoo must pay all charges that are owed to the OLO in respect of that ported mobile number, notwithstanding the fact that the Subscriber has ceased to acquire public mobile telecommunications services from the OLO.
109. If the Subscriber does not pay all outstanding charges to the OLO in respect of that ported mobile number:
- 109.1 within 30 days of the invoice date, Ooredoo will, upon request of the OLO, bar the ability of Users to make outgoing calls (except for calls to emergency service organization numbers and operator service numbers), send SMS/MMS, access data services and any other outgoing services using the ported mobile number;
- 109.2 within 45 days of the invoice date, Ooredoo will, upon request of the OLO, suspend the ability of Users to receive public telecommunications services using the ported mobile number; and
- 109.3 within 60 days of the invoice date, Ooredoo will, upon request of the OLO, terminate the supply of the public telecommunications services in respect of the ported mobile number. The Subscriber may lose the right to use the ported mobile number if the invoiced charges are not paid within a certain period after the date of termination.
110. If the Subscriber requests the porting of a mobile number to Ooredoo and it is subsequently discovered that the port has been made in error, is fraudulent or the Subscriber does not otherwise have the right to port that mobile number to Ooredoo, Ooredoo may take such measures as are necessary to address this issue, including returning the ported number to the original range holder.
