- 45.2 Public Viewing: TV Screens installed in Common Areas (Customer Waiting Areas, Open Office spaces, Retails Shop, Café, Pantry etc.) will be considered as Public Viewing. The Charges for Public Viewing will depend on specific customer use case and will reflect the charges as decided by the Content Provider such as Bein, OSN etc.

5 Service Provider obligations

46. Some or all fiber broadband services may not be available in the subscriber's area, their specific location or may not be compatible with their specific landline connection. In order to verify that Ooredoo can provide this service, Ooredoo will need to verify that the subscriber's landline is in an area where they can receive fiber broadband services.

¹ The pro-rated price of the STB will be calculated based on 24 months cost recovery period. For example, if customer terminates contract 12 months after purchase of new STB and decides to keep the STB he/she will have to pay 50% of the STB price, that is 175 QAR.

- 47. Ooredoo is responsible for servicing and providing technical maintenance of the service. Ooredoo will not provide any maintenance of the subscriber's equipment, including any additional equipment necessary to connect the service. Ooredoo is not responsible for any delays caused in installation due to the subscriber's absence at the agreed installation date or time.
- 48. Commencement of service: The service shall commence from the service connection date.
- 49. Service availability and limits:
 - 49.1 Certain factors, such as network changes, traffic volume, transmission limits, service outages, technical limitations, signal strength, customer device, terrain, structures, weather, or other conditions that may arise from time to time, may interfere with actual service quality and availability.
 - 49.2 Ooredoo will not be liable for any service limits due to these conditions that may arise from
 - 49.3 time to time, subject to our statutory and license obligations and requirements.

6 Subscriber obligations

- 50. Minimum service period: The minimum service period for the Business Fiber Broadband Service is three (3) months commencing from the date of activation of service.
- 51. Cancellation: If a subscriber terminates before the end of the minimum service period term, the subscriber will be liable to pay the full charges for the duration of the minimum service period.
- 52. Subscribers are responsible for backing-up their entire systems before broadband installation takes place and ensuring that the software installed in their computer equipment (and other devices) is compatible with the service and related software.
- 53. Equipment: Subscribers may acquire equipment that they intend to use to receive the service from a third-party, provided that all equipment used to connect to Ooredoo's networks and facilities is approved by CRA and is compliant with current requirements for technical standards and specifications as stated in the Master Service Agreement, Article 6.3 (Connecting Subscriber Equipment).
- 54. The Subscriber shall comply with any reasonable request by Ooredoo concerning the configuration of their devices and/or the use of the service. Ooredoo may require the subscriber to submit information reasonably related to the service or their connected data devices.
- 55. Resale: The Subscriber cannot resell the service if (s)he does not qualify as an Eligible Person, within the framework set by the Class License for the Resale of Retail Telecommunications Services issued by the Communication Regulatory Authority (CRA) (<https://www.cra.gov.qa/en/document/class-license-for-the-resale-of-retail/telecommunications-services>) and without a prior written approval by Ooredoo. Failure to

comply with the above provision will result in the Services being immediately terminated and in the Subscriber being held responsible for the legal, regulatory and financial consequences of his/her behavior.
